

Annex 4

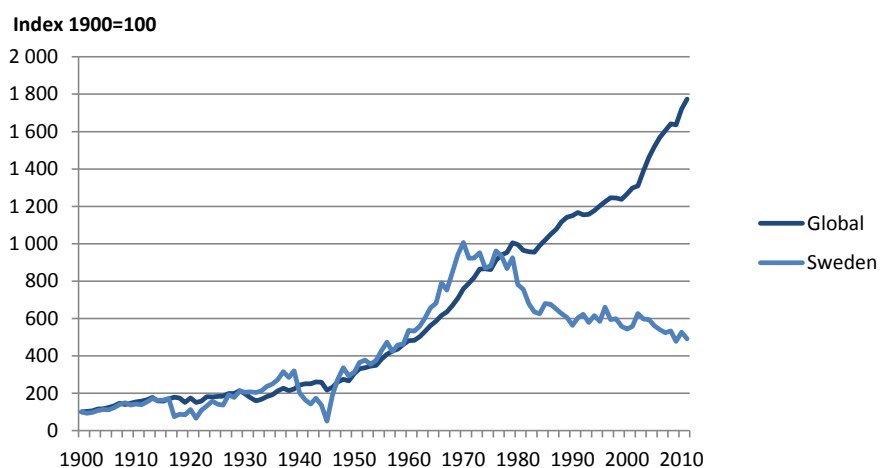

Greenhouse gas emissions (RiR 2013:19)

Annex 4, Greenhouse gas emissions

This annex illustrates the development of carbon dioxide emissions in the 20th century and Swedish emissions of greenhouse gases per sector since 1990.

Figure F Estimated carbon dioxide emissions since the 1970s in Sweden and globally

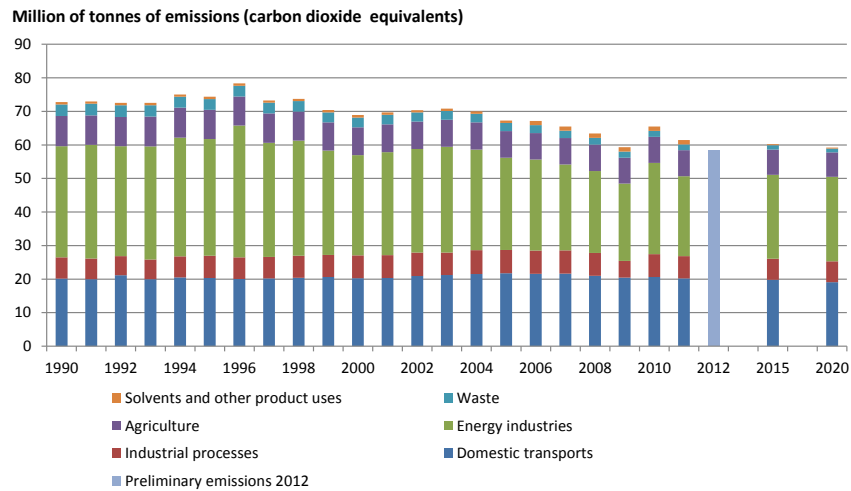

Source: Ekonomifakta and the Carbon Dioxide Information Analysis Center.

*Data for 2009, 2010 and 2011 are estimates based on previous years' figures. They may be updated.

**Refers to carbon dioxide emissions from burning fossil fuels and cement manufacture.

Figure G Greenhouse gas emissions 1990–2012 and forecast for 2015 and 2020 in different sectors
